## K2 CAPITAL LAUNCHES ENHANCED WEBSITE

MINNEAPOLIS – K2 Capital Group LLC, a national provider of equipment leasing solutions, recently announced the company has launched an enhanced Internet site which provides updated information and capabilities of the Edina-based company. The new site, which can be found at [www.k2capitalgroup.com](http://www.k2capitalgroup.com), was launched in early February.

“As a national leasing company, we are able to offer some very interesting programs and opportunities to our clients,” said Scott Anderson, K2 Capital’s president and CEO. “Our old site served its purpose but we wanted to reach out to people who might not know everything we can do for them. Our enhanced site really captures the overall capabilities we can provide our clients.”

In addition to its direct leasing business, K2 Capital offers private-label, vendor financing solutions, particularly to medical and technology manufacturers. K2 Capital’s experienced leasing professionals have developed long-standing relationships with some of the world’s largest and most respected equipment manufacturers.
